ABOUT MARY'S PLACE HOUSING PROGRAM

Imagine after working all day, coming back to care for your children in a shelter and not having the time, computer access, or transportation to search for apartments. It's a frustrating experience for these moms and dads to feel stuck, despite an adequate income.

Founded in 1999, Mary's Place empowers homeless women, children, and families to reclaim their lives. We believe that to succeed in life, everyone needs a place to call home!

Mary's Place works with hundreds of families experiencing homelessness each day. Even though most of these families are working and have sufficient income to pay rent, it is challenging for them to find a home in our competitive housing market.

Like many of us who are living close to the financial edge, a bump in the road, an illness or injury, a sick child, a job loss, or a divorce without a safety net can lead to homelessness. 97% of homeless families will only be homeless this one time. For these families, an opportunity to rent a home of their own is a life-changing opportunity.

With your help, we can begin a housing partnership to address our community crisis of family homelessness!
