Is there some reason they wouldn't be good amendments? You'll want to give other CMs a way to participate in a meaningful way so they don't feel like they are rubber stamping Lisa & Kshama's thing. And you don't want them to come up with amendments that are harmful. So you might want to ask CMs who haven't been super engaged to champion some very limited in scope good amendments that you identify.

Still hoping to hear what other CMs you expect to meet w soon.

Newell- what is your understanding of the Wednesday committee run of show?

Claire,

On second thought, after weird dreams and worries, I think that when you get back from your out of cell reach weekend, it would be good if you could check in with the legal team Exemptions 1 & 2

Exemptions 1 & 2

If you don't succeed, at least we tried. Of greatest importance is movement in getting this passed. So don't let our suggestions block expeditiousness.

Thanks.
